

Karim Amin

Member of the Executive Board of Siemens Energy AG

Member of the Executive Board of Siemens Energy Management GmbH

Executive Vice President Siemens Energy Business Area Gas Services

Karim Amin has been a Member of the Executive Board of Siemens Energy AG and Siemens Energy Management GmbH since 2022. He is responsible for the Gas Services Business Area and has led the business as Executive Vice President since 2020, driving significant business performance and growth.

He joined Siemens in 2001 and has held a series of global leadership positions in service operations, sales, and strategy across the company's power and energy businesses, giving him deep expertise in power plant operations and a strong understanding of customers' business needs.

In 2011, he was appointed Senior Vice President of Siemens Energy Service for the Middle East and North Africa. He continued his career in the Oil & Gas sector, becoming CEO of the global Siemens Oil & Gas business in 2014.

In 2015, he took responsibility for leading the global sales organization for the Power Generation division, before heading the Gas and Steam Turbines product business.

He holds a bachelor’s degree in Electrical Engineering from Cairo University, Egypt, and a Master of Business Administration (MBA) from the University of Warwick, United Kingdom.
