

Certificate

Management system as per
DIN EN ISO 9001:2015
DIN EN ISO 14001:2015
DIN ISO 45001:2018

The Certification Body TÜV NORD CERT GmbH hereby confirms as a result of the audit, assessment and certification decision according to ISO/IEC 17021-1:2015, that the organization

Siemens Energy Global GmbH & Co. KG
Siemenspromenade 9
91058 Erlangen
Germany

with the locations according to the annex 2

operates a management system in accordance with the requirements of DIN EN ISO 9001:2015, DIN EN ISO 14001:2015, DIN ISO 45001:2018 and will be assessed for conformity within the 3 year term of validity of the certificate.

Scope

Please see scope annex 1

Certificate Registration No. 44 100 210961
Certificate Registration No. 44 104 210961
Certificate Registration No. 44 126 210961
Audit Report No. 3533 7724
Audit Report No. 3533 7725

Annex 1

to Certificate Registration No. 44 100 210961, 44 104 210961, 44 126 210961

DIN EN ISO 9001:2015

DIN EN ISO 14001:2015

DIN ISO 45001:2018

Siemens Energy Global GmbH & Co. KG
Siemenspromenade 9
91058 Erlangen
Germany

Scope

Marketing, Sales, Engineering, Project Management, Procurement and Logistics, Product Lifecycle Management, Research and Development, Consulting Services, Manufacturing, Inspection, Testing, Installation, Commissioning, Training, Diagnostic Services, Refurbishment, Repair, Maintenance, Overhaul, Operation and Maintenance, Parts Management, Field Service, Modernizations and Upgrades, Long Term Programs, Systems Integration and Technical Solutions, Technical Support, Emergency Services, Digital Services, Extensions, Storage, PLC Software Development, Portfolio Management of:

Rotating Machinery, Turbo Compressors, Compressor Solutions, Reciprocating Compressor, Integrally Geared Compressor, Pumping Applications, Electric Motors, Control Units, Diesel and Gas Engines, Propulsion Systems and Marine Auxiliaries, Energetic and Cogeneration Systems, Cooper and Delaval Equipment, Electrical Devices and Systems for Automation and Distribution of Electrical Energy for Oil and Gas Industry and Marine, Electrical and Telecom System, Systems for Automation and Process Solutions, Industrial Automation and Drive Technology for Process Industries, Pipeline Technology for Gas Distribution, Green Hydrogen Solutions and Systems, Power to X, Hybrid Energy Systems, Solar, Photovoltaics Systems, Subsea Industry, Fuel Cells,

Gas Turbines, Steam Turbines, Generators, Heat Pumps, On and Offshore solutions, Energy efficiency Products and Solution, Power Plant Solutions, Balance of Plant Equipment, Electrical, Instrumentation, and Control Solutions, and Digitalization, for Power Generation and Industrial Applications, Operation and Maintenance for Customer-Owned Power Plants, Power Generation Equipment, Electrical Machines, Power Generation Projects - Scope ranges from Equipment to Turnkey, Engineering Laboratory, Central Tools and Instrument Facility

Transmission & Distribution Products, Systems and Solutions, Digital Grid, Energy Storage Products and Solutions
