

# NOTICE TO SUPPLIERS

Subject : **Assent Compliance Partnership Announcement**

Product Line : **Aero Derivative Gas Turbine (AGT) & Small Gas Turbines(SGT)**

NTS Number : SC034

Siemens Business Unit : Siemens Energy Canada Limited

Date: October 1<sup>st</sup> 2025

Dear Valued Siemens business partner,

We are pleased to announce that Siemens Energy AGT & SGT partnered with Assent to help streamline the collection of survey data on our behalf. For phase 1 Assent will reach out to **AGT Siemens Energy Gas Turbine suppliers and SGT all suppliers**. We have made this investment in the hopes that it increases transparency into our supply chain and creates a more efficient submission process for our valued suppliers. This collaboration will help us gather information required to fulfil our obligations under regulations such as the **European Chemicals Agency (ECHA)** and the **Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)**.

### Who is Assent?

Large companies have substantial data requirements, and teams that do not have the appropriate resources to manage them can quickly become overwhelmed. Assent helps automate data collection so companies can stay ahead of their due-diligence requirements. They are an industry expert in Sustainability working with many like OEMs to manage Product Compliance and ESG topics.

### What can you expect?

- For phase 1 Assent will reach out to **AGT Siemens Energy Gas Turbine suppliers and SGT all suppliers**.
- You'll be receiving email notifications from Assent that will prompt you to make data submissions.
- In these emails, you'll receive a tokenized link that will bring you to your unique supplier portal.
- To ensure the emails from Assent make it through to the intended recipient, we ask that you update any spam filters or other email scanning systems to safelist the "compliancesupport@siemensenergy.eu.assentportal.com" domain.
- Once inside the portal, there will be a personalized page outlining the submissions we are asking for.
- Full details will be provided in their initial communication along with our signed Letter of Authorization. We ask that you respond to Assent and provide the requested data according to the instructions provided.

To help you prepare for your submission(s), we invite you to access the [Assent Supplier Welcome Page](#). This dedicated platform is designed to make your experience submitting your documentation seamless and efficient. The Welcome Page is equipped with user-friendly tools and resources to guide you every step of the way. Whether you are new to the Assent portal or an experienced partner, you'll find everything you need to make your submissions successful and efficient.

Thank you very much for your support.

**With kind regards,**

pp. Paul Scott
