

## Ronald Groot

Managing Director, Siemens Energy  
Angola

Ronald Groot is the Managing Director for Siemens Energy in Angola. He was born in The Netherlands and holds a bachelor's degree in Mechanical Engineering.

Ronald started his career with Rolls-Royce Energy in 1996 as an undergraduate and gained experience with rotating equipment and its markets through various positions in Engineering, Proposals, Project Management and Operations and had the opportunity to operate in a variety of international locations including England, Azerbaijan and Brazil. Ronald's most recent position prior to joining Siemens Energy was General Manager for Brazil at Elliott Group, a position he started in 2014.

Besides Dutch and English, Ronald is fluent in Portuguese and is based in Luanda.
