

Dr. Stefan Diezinger

Head of Sustainable Energy Systems
Siemens Energy

Speaker

In his current capacity, Stefan Diezinger works with companies to assess, develop, and implement decarbonization strategies. Prior to the spinoff of Siemens Energy, he held a number of executive sales positions with Siemens AG, including Vice President, Sales, Industrial Business in Spain. He has also worked in project management and engineering capacities. Stefan holds a bachelor's degree in business administration from the University of California at Berkley, a master's in process engineering, and a Ph.D. in process engineering, both from FAU Erlangen-Nürnberg.
