

NOTICE TO SUPPLIERS

SIEMENS

Subject: Logistics/Warehouse Improvements

Originator: Jay Jacobs
Job Title: Senior Manager, Supply Chain Operations
Product Line: Aero Derivative Gas Turbine (AGT)
Siemens Business Unit: Siemens Canada Limited

NTS Number: SC011
Issue:001
Date: 4th November 2016

For the attention of the Account Management Team

Dear Sir or Madam

SCOPE

This notice is applicable to all of our supply chain partners who currently ship parts to Siemens Canada Limited, with a final destination of that of our third part logistic provider, Thyssenkrupp Aerospace Canada Ltd at 16255 County Road 2, Long Sault, ON K0C 1M0.

Message

Please be advised that Siemens Canada has decided, effective December 1st 2016, that we will no longer receive shipments at this address. Instead, we will be consolidating all of our inventory at our facility in Montreal, close to the manufacturing of our engines. As such, we request that you make the necessary arrangements in your own records and systems to ship our orders to the following address for deliveries expected as of December 1st 2016.

Siemens Canada Limited
2200 rue Courval, Lachine, QC H8T 3H1, Dock C4

Those of you who are currently using UPS or TNT to transport your shipments to our UK consolidator (K&N) will continue to do so with the same process, simply make the changes to you shipping paperwork to reflect the new final destination address above.

Those vendors that were shipping directly to the TKA facility previously should now ship directly to the Montreal facility using the same courier arrangements. The only change is the final destination address. As both the old and the new destination are in Canada no changes to the transportation service providers or any other logistics related arrangements are required or expected.

Please note that these changes do not affect in any way your current shipments to Industrial Turbine Company (UK) Ltd., c/o Schenker Ltd at Kelsey Close, Attleborough Fields Industrial Estate, Nuneaton, CV11 6XN United Kingdom.

If you have any questions please contact either myself at jay.jacobs@siemens.com or the applicable MRPC responsible for your portfolio of parts.

With kind regards,

Jay Jacobs

Senior Manager, Supply chain operations
Siemens Canada Limited
