

## Deutsche Akkreditierungsstelle

### Annex to the Accreditation Certificate D-PL-21472-05-00 according to DIN EN ISO/IEC 17025:2018

**Valid from:** 16.11.2022

**Date of issue:** 16.11.2022

Holder of accreditation certificate:

**Siemens Energy Global GmbH & Co. KG**

with its testing laboratory

**PSW-H (Prüffeld der Schaltwerke - Hochspannung)**

**Paulsternstraße 26, 13629 Berlin**

The testing laboratory meets the minimal requirements of DIN EN ISO/IEC 17025:2018 and, if applicable, additional legal and normative requirements, including those in relevant sectoral schemes, in order to carry out the conformity assessment activities listed below.

The management system requirements of DIN EN ISO/IEC 17025 are written in the language relevant to the operations of testing laboratories and confirm generally with the principles of DIN EN ISO 9001.

**High-Voltage Switchgear and Controlgear  
Power Engineering Equipment**

**The testing laboratory is permitted, without being required to inform and obtain prior approval from DAkkS, to use standards or equivalent testing methods listed here with different issue dates.**

**The testing laboratory maintains a current list of all testing standards / equivalent testing procedures within the flexible scope of accreditation.**

*This certificate annex is only valid together with the written accreditation certificate and reflects the status as indicated by the date of issue. The current status of any given scope of accreditation can be found in the directory of accredited bodies maintained by Deutsche Akkreditierungsstelle GmbH at <https://www.dakks.de>.*
