

## Dr. Sylvio Kosse

Head of Basic Technology  
High-Voltage Vacuum Interrupter  
Siemens Energy

Sylvio Kosse received the diploma degree and doctoral level in theoretical physics from Greifswald University, Germany in 1996 and 2002 respectively. In the last 10 years, he headed research groups in the fields of renewable energy and grid solutions as well as switching and power grid. Sylvio Kosse is now in charge of the high-voltage vacuum interrupter development.
