Notes and forward-looking statements (I)

This presentation and the information contained herein are for information purposes only and do not constitute a prospectus or an offer to sell or a solicitation of an offer to buy or subscribe for any securities of Siemens AG or Siemens Energy AG. This presentation is not directed to, or intended for distribution to or use by, any person or entity that is a citizen or resident or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation of such jurisdiction or which would require any registration or licensing within such jurisdiction. Any failure to comply with these restrictions may constitute a violation of the laws of other jurisdictions. Any securities to be distributed in connection with this transaction have not been and will not be registered under the U.S. Securities Act of 1933 (as amended) or the laws of any state of the U.S. Neither Siemens AG nor Siemens Energy AG intends to register any securities referred to herein in the U.S.

This presentation is being distributed to, and is directed only at, persons in the United Kingdom (“U.K.”) in circumstances where section 21(1) of the Financial Services and Markets Act 2000 does not apply. This document does not constitute an offer document or an offer of securities to the public in the U.K. to which section 85 of the Financial Services and Markets Act 2000 of the U.K. applies and is not, and should not be considered as, a recommendation that any person should subscribe for or purchase any securities. This document is being communicated only to (i) persons who are outside the U.K.; (ii) persons who have professional experience in matters relating to investments falling within article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (as amended) (the “Order”) or (iii) persons within the scope of article 43 of the Order or (iv) high net worth companies, unincorporated associations and other bodies who fall within article 49(2)(a) to (d) of the Order (all such persons together being referred to as “Relevant Persons”). Any investment or investment activity to which this document relates is available only to and will be engaged in only with Relevant Persons, and any person who is not a Relevant Person must not act or rely on this communication or any of its contents. This document should not be published, reproduced, distributed or otherwise made available, in whole or in part, to any other person without the prior consent of Siemens AG or Siemens Energy AG.

No representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of the information contained herein, and no undue reliance should be placed on it. Neither Siemens AG nor Siemens Energy AG nor any of their affiliates, advisers, connected persons or any other person accepts any liability for any loss howsoever arising (in negligence or otherwise), directly or indirectly, from this presentation or its contents or otherwise arising in connection with this presentation.

It should be noted that financial information regarding Siemens Energy AG's reporting segment Siemens Gamesa Renewable Energy (SGRE) has been taken or derived from the combined financial statements of Siemens Energy or from its accounting records or internal management reporting systems and does not necessarily correspond to financial information publicly reported by Siemens Gamesa Renewable Energy S.A.

Certain numerical data, financial information and market data in this presentation have been rounded in accordance with commercial rounding. Unless otherwise indicated, all financial data presented in the text and tables in this presentation is shown in millions of euros (€ million), commercially rounded to the nearest million. Percentage changes and ratios in the text and tables of this presentation are calculated based on the rounded numbers shown in this presentation, and then commercially rounded to a whole percentage or to one digit after the decimal point. Such rounded figures and percentages may not add up to 100% or to the totals or subtotals contained in this presentation.

Certain financial data included in this presentation consists of non-IFRS financial measures. These non-IFRS financial measures may not be comparable to similarly titled measures presented by other companies, nor should they be construed as an alternative to other financial measures determined in accordance with IFRS. You are cautioned not to place undue reliance on any non-IFRS financial measures included herein.

Notes and forward-looking statements (II)

This presentation contains forward-looking statements. These statements are based on the current views, expectations, assumptions and information of the management of Siemens AG and Siemens Energy AG. Forward-looking statements involve known and unknown risks and uncertainties and, therefore, should not be construed as guarantees of future results, performance and events. Actual results, performance or events may differ materially from those described in such statements due to, among other things, changes in the general economic and competitive environment, risks associated with capital markets, currency exchange rate fluctuations, changes in international and national laws and regulations, in particular with respect to tax laws and regulations, affecting Siemens Energy AG, and other factors. Siemens AG or Siemens Energy AG do not undertake any obligation to update any forward-looking statements.

Accordingly, any forward-looking statement relating to the impact of the COVID-19 pandemic on Siemens Energy AG or any of its subsidiaries is only an estimate as of today. Given the rapidly evolving nature of the COVID-19 pandemic and the uncertainties regarding countermeasures by governments around the world to combat its effects, no undue reliance should be placed on such forward-looking statements.

Any assumptions, views or opinions contained in this presentation represent the assumptions, views or opinions of Siemens AG or Siemens Energy AG as of the date of this presentation and are subject to change without notice, unless and update is required by law. All information not separately sourced is from Siemens AG or Siemens Energy AG data and estimates. Market and market share data is based on company internal estimates derived from continuous analysis and aggregation of internal and external market data, including data from third-party sources. Third party industry publications, studies and surveys generally state that the data contained therein have been obtained from sources believed to be reliable, but that there is no guarantee of the accuracy or completeness of such data. While Siemens Energy AG believes that each of these publications, studies and surveys has been prepared by a reputable source, neither Siemens AG nor Siemens Energy AG or any other party has independently verified the data contained therein. Accordingly, undue reliance should not be placed on any of the industry or market data contained in this presentation. Information contained in this presentation related to past performance is not an indication of future performance. The information in this presentation is not intended to predict actual results, and no assurances are given with respect thereto.
